

CLÉMENT GARCIN

WEB DEVELOPER

WordPress web developer with 3 years of work-study experience in an agency, followed by 1 year as a freelancer. After two years of working and travelling in Australia, I completed a 3-year web development training programme. Specialised in building custom WordPress themes (PHP, JavaScript, Tailwind CSS), I am now looking to join a company where I can put my skills to work on long-term, ambitious projects.
